

Please make sure, "The Do Not Call" is kept as law. The New Jersey State Fraternal Order of Police which is located in Trenton, NJ is one of the biggest offenders. They call whenever they feel like it. And when they call, they get on the telephone like a long lost relative or friend. When my late mother died, I was waiting for some relatives to phone me for the funeral details. They called me up on a Sunday morning at 9:15 a.m. as well as 12:20 p.m. later that day.

These telemarketers have to be stopped once and for all!
